- ① Origin of moral & Ethics
 - ② Relation between of Moral & Ethics
 - ③ Definitions.
 - ④ Distinguish b/w Moral & Ethics
-

IA1: PEI

① what Definition : Moral :

- • principals concerning the distinction b/w right & wrong or good and bad behaviour
- Based on the past experience we go on setting our morals.
- Morals usually depends upon region, religion, geography.
- We go on updating / editing the morals based on recent technologies i.e we adopt to the recent culture / tradition

② Ethics :

- Ethics is branch of knowledge that deals with human Moral principal.
- Ethics is nothing but, setting the rules.
- These rules help us to lead our life in a right way / discipline way.

③ Difference b/w Moral & Ethics :

Moral

Ethics

- | | |
|---|--|
| ① Morals are the beliefs of the individual or group as to do what is right or wrong | ① Ethics are guiding principles which help the individual or group to decide good/bad. |
| ② Individual think-ings / rules are set | ② specific & descriptive rules |
| ③ Results are concerned when wrong action is done | ③ More concerned with right action, when not done. |
| ④ Thrust is on judgement | ④ Thrust is on Influence |
| ⑤ Eg : Corruption | ⑤ eg : Notions about manners. |

④ Values :

- It is individual beliefs that motivate people to act in one or another way.
- They serve as a guide for human behaviour.
- Eg : We can describe value as, some may consider flag as piece of cloth and some may consider as peace of nation.

⑤ General Human values are :

- | | |
|---------------------|-------------|
| ① Ethics | ④ caring |
| ② Integrity | ⑤ sharing |
| ③ living peacefully | ⑥ Honestly. |

⑥ caring :

- Helping and serving the needs for people who are in need, hoping the best for wellness of people

→ urela thoka thoki

⑦ sharing :

- caring influences 'sharing'
- transfer of sharing knowledge, caring, experience commodities etc.
- sharing should be genuine, without expecting back.
- sharing is charity.
